### GENEALOGY...WHY??

*We are the chosen. My feeling is that in each family, there is one who seems called to find the ancestors - to put flesh on their bones and make them live again - to tell the family story and to feel that somehow those who went before know and approve. To me, doing genealogy is not a cold gathering of facts but, instead, breathing life into all who have gone before us. We are the storytellers of the tribe. All tribes have one. We have been called as if it were in our genes. Those who have gone before cry out to us: Tell our story. So, we do. In finding them, we somehow find ourselves. How many graves have I now stood before and cried? I have lost count. How many times have I told my ancestors, "You have a wonderful family; you would be proud of us"? How many times have I walked up to a grave and felt somehow that there was love there for me? I cannot say. It goes beyond just documenting the facts. It goes to who I am and why I do the things I do. It goes to seeing a cemetery about to be lost forever to weeds and indifference, and saying "I can't let this happen".*

*The bones here are bones of my bone and flesh of my flesh. It goes to doing something about it. It goes to pride in what our ancestors were able to accomplish, to how they contributed to what we are today. It goes to respecting their hardships and losses, their never giving in or giving up, their resoluteness to go on and build a life for their family. It goes to deep pride that they fought to make and keep us a nation. It goes to a deep and immense understanding that they were doing it for us, that we might be born who we are, that we might remember them. So we do. With love and caring and scribing each fact of their existence because we are them and they are us. I tell the story of my family. It is up to that one called in the next generations to answer the call and take their place in the long line of family storytellers. That is why I do my family genealogy and that is why I call those, young and old, to step up and put flesh on the bones.*

#### ALEXANDER McLEAN & CHRISTIAN STEWART

Alexander McLean, born in Blair Atholl, [son of Donald McLean & Jannet [McLean]] married Christian Stewart, born in Pitlochrie, [daughter of Alexander Stewart and Jannet McLaughlan], at Blair Athol, Scotland on December 1, 1833 and emigrated with their children to Restigouche County around 1852. They obtained a land grant and built their home at Mountain Brook. Alexander was a very devout Christian, and a well respected member of his church and his community. Christian was the sister of Peter Stewart and first cousin of Donald Stewart, prominent businessmen and merchants in lumber and shipping in Dalhousie from their arrival via the Miramichi in 1820. In December 1932, Charles Delbert Stewart was christened, wrapped in the paisley shawl belonging to Christian Stewart, his great great grandmother.

## LIFE-LONG RESIDENT PASSES AWAY HERE

Miss Anna Belle Cameron Was 74  
Years of Age—Well Known  
And Highly Respected

After a lingering illness of several months duration, Miss Anna Bessie Cameron, aged seventy-four years, and a life-long resident of this town passed away at the residence of Mr. and Mrs. Havelock MacNeill, on Adelaide Street, where she was removed from the Soldiers' Memorial Hospital, Campbellton about three months ago.

The deceased lady was very well known in church circles throughout the province, having been connected with the work of the Presbyterian church in this town and through the office of treasurer of the Women's Missionary Society of the Miramichi Presbytery, which office she held for a period of over thirty-five years. Ill health about one year ago necessitated her resigning this post, and her curtailment of active church work.

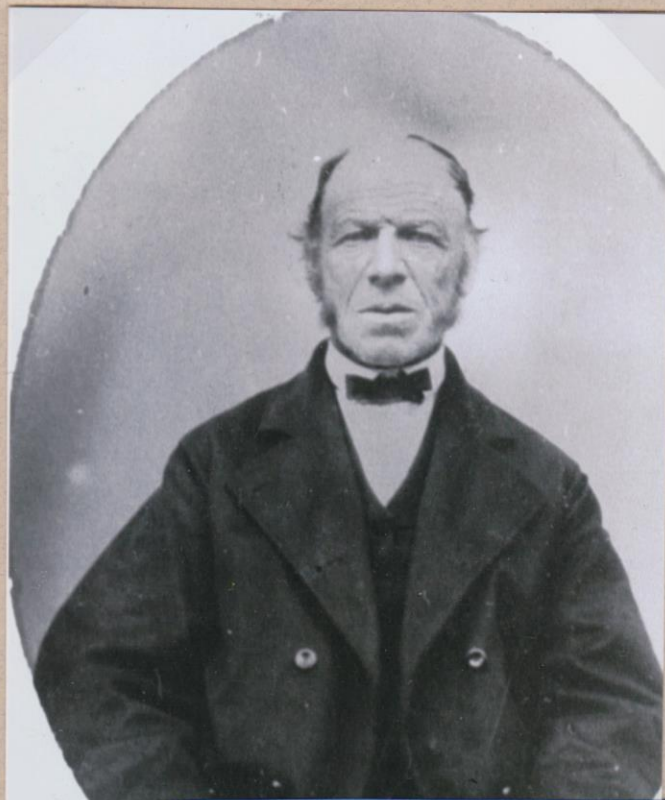

With the passing of the late Miss Cameron, Dalhousie has lost one of its most beloved citizens, and a large circle of friends mourn their loss.

The funeral which was largely attended was held from the residence of Mr. and Mrs. Havelock MacNeill on Tuesday afternoon to Saint John's Presbyterian Church where a very impressive funeral service was conducted by the pastor, Rev. J. M. Kik, assisted by Rev. Dr. Ian MacKinnon, pastor of the United Church and Rev. G. S. Mitchell, pastor of Knox Presbyterian Church, Campbellton.

Following the service at the Church a long cortege line followed the remains to its last resting place at Riverside cemetery. The pall-bearers were Messrs. Daniel Cook, Wm. MacNeill, Wm. Miller, Pt. La Nim, Murray MacKap, W. S. Montgomery and D. G. Stewart.

*Natives of the Isle of Arran, Scotland*

*By Eva [McLean] Miller, as told to her by her grandmother, Jane [Currie] McLean 1847 - 1939*

As a young girl, I liked to visit my grandmother who lived in a big house on the hill in Charlo, Restigouche County, NB. She told me many stories of her life. She bore 10 children, my father, John Currie McLean, being one of them.

Her mother and father came from the Island of Arran [near] in Scotland, about 1834. Her mother was far along in a pregnancy and was 6 weeks traveling from Scotland to this land in a sailing vessel where there were few comforts. Her mother Elizabeth's maiden name was Ferguson and her father was John Currie. She was very anxious to come to Canada as most of the Ferguson relatives had already emigrated to Canada but John Currie was not anxious to come to Canada as most of HIS people were still living in Arran Island. He had a good trade; he was a weaver and had set up his carding mill and wove cloth and blankets. People for many miles brought their wool to him to be carded. Many people had their own looms. [John] carried on his work in River Louison; his carding mill was on that river, and his home near it.

They had a large family of girls but just one son, John Currie, Jr. The girls helped their father and mother with the work. Growing most of their own food, curing meat and fish for the winter. They dried apple rings, stringing them up on long lines to dry. They kept a few cows, calves, pigs, hens, and sheep so they had milk, eggs, meat, cheese, butter and wool to keep them warm in this cold climate.

Life was hard in those days. Money was scarce - no hospitals nearby, doctors few, their knowledge limited, no miracle drugs or vaccines so that when a disease such as diphtheria broke out, many people died. Small pox also took many lives as did typhoid fever, scarlet fever. Influenza [and pneumonia] also took a heavy toll of lives.

There were women who were midwives and who nursed the sick, they were skillful and did the best they could. When a team of horses bolted, injuring the driver so that his leg had to be amputated, a message was sent to Campbellton from Charlo Station and the doctor was taken to the patient by special railway locomotive. He operated on the kitchen table.

The people were deeply religious - Scottish Presbyterians. Only tasks which could not be left were done on Sunday. Potatoes scrubbed ready for cooking, shoes polished on Saturday stood ready for Sunday church. As the horses needed a rest on Sunday also, many folks walked to church, often 5 - 6 miles. It has been said that in nice weather, they walked in their bare feet to save their footwear, putting their boots on as they neared the church.

The Bible was read regularly and was a great source of strength and courage to the early settlers. Every family had an altar and the father read the Bible and prayed, all of the family in attendance at family worship. If they were musical, a hymn would be sung also. My grandmother's father did not approve of dancing but his daughters loved to dance and went to a school house to dance after he went to bed.

[One day] a leaf fell from the Bible and when the page was read, it seemed like a condemnation on them and what was laughter turned to tears. They sent for her father who prayed for them and lead them in worship. There began a great revival in Jacquet River that is felt to this day.

Once or twice a day, a cobbler would come to the village, going from house to house, making boots for all the family - low shoes such as we have today were not in general use - boots laced or buttoned, reached about 3 inches above the ankle.

Milk was set in shallow pans on shelves in a storehouse where it was kept cool. The cream was skimmed off by hand, set to sour and then churned into butter. Sometimes the container was of crockery, narrowed at the top into which the plunger could be inserted at churning time. A cross-like piece of wood with a long handle was worked up and down into the cream till the butter was made. The buttermilk [was then] drawn off. The butter washed several times in clean water and salt worked in. It would then be packed tightly in a clean crock and strong brine solution poured over (strong enough to float an egg) would help preserve the butter for winter use. Later, people would build snow or ice houses, a building with double walls, filled with sawdust for insulation. Ice and snow was stored in this building and this was years before electric refrigeration.

The farmers worked in groups and raised farm buildings together and helped plant the seed and to harvest the crops. Money was seldom exchanged. The same groups going from farm to farm till all was done - the women folk cooked and baked to feed the men working in the fields, carrying them pitchers of cold water, vinegar water sweetened and a drink made with a little raw oatmeal. After threshing oats, the men's faces were often so dark that one could hardly recognize them.

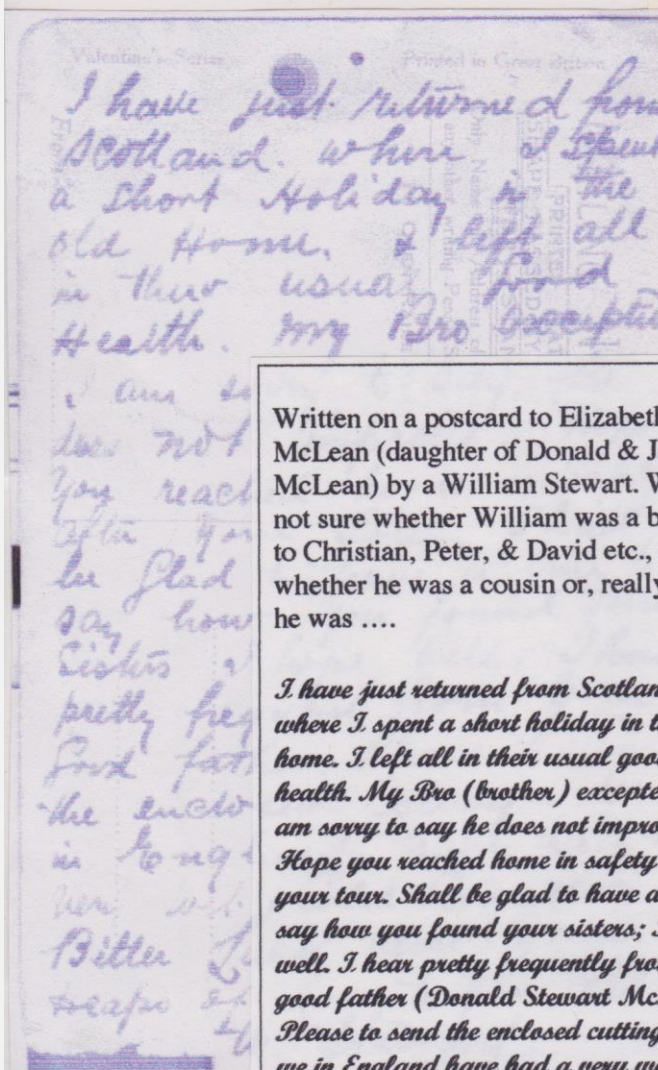

In the fall, the men went to the woodlot to cut a good supply of wood to last the long cold weather and the chips would fly till enough wood was cut to keep two or three stoves going. After a little snow fell, to make easier sledding, the logs would be hauled home with a team of horses hitched to a sled. When all of the wood was stacked high, a neighbour with a gasoline engine, belt and saw, would come and it would be an all day job to cut up the pile of wood. Later it would be split by hand with an axe into pieces small enough to go into the stove. [This wood] was left in the sun to dry till mid-summer, then piled in the wood shed for winter.

*These paragraphs following were in the middle of this essay but I have moved them to the end as they appear to be Eva Miller's recounting what she knew of her grandmother Jane's life as a mother and wife to Donald McLean, rather than as a daughter and sister in the Currie household.*

My grandmother was married at a young age to Donald McLean, a schoolteacher who later kept a small country store. Grandmother Jane Currie told me she made every stitch of clothes that she wore as a bride - the wool taken from the back of a sheep to her own - was washed, carded, spun, woven and made into dresses, petticoats, underwear and stockings. Jane was strong and healthy, her flesh "so firm it could not be pinched". She worked hard growing food, sewing, knitting and rearing her large family.

She was anxious for learning and read many books, to be as well read as her husband. Many sorrows were their lot. Their son, Peter, a brilliant student, graduated from UNB and received the appointment of Rhodes Scholar. He was teaching school in Sussex at that time was taken suddenly ill. He was operated on but the appendix was ruptured and he died at the age of 26. Grandmother "cradled her grief-stricken husband in her arms". Their son, Alexander, a lovable boy, was working in the fields on a very hot day. He became overheated and stripped down and went in to the icy cold Charlo River. He got a severe chill from which he never recovered, passing away at the age of 19; another son, Donald, only lived just a few days.

Some changes, additions and clarifications were made by Jane's great granddaughter, Katherine Ferne Stewart McCombe.

Written on a postcard to Elizabeth Jane McLean (daughter of Donald & Jane McLean) by a William Stewart. We are not sure whether William was a brother to Christian, Peter, & David etc., or whether he was a cousin or, really, who he was ....

*I have just returned from Scotland where I spent a short holiday in the old home. I left all in their usual good health. My Bro (brother) excepted and am sorry to say he does not improve. Hope you reached home in safety after your tour. Shall be glad to have a line to say how you found your sisters; I hope well. I hear pretty frequently from your good father (Donald Stewart McLean). Please to send the enclosed cutting (??) - we in England have had a very wet and cold summer. Better luck next year. Heaps of love to you all -*

*Donald Stewart McLean & Jane Currie*

Donald Stewart McLean was born in Blair Athol, Scotland in 1833, the son of Alexander McLean and Christian Stewart. In 1852, with his parents and siblings, he emigrated to Restigouche County, New Brunswick. He was 19 years old.

Donald McLean graduated from the Provincial Normal School in Saint John, NB and taught in schools throughout New Brunswick; he returned to Restigouche County to become a schoolmaster in River Louison in 1861.

As was the custom in that time, Donald boarded with the John Currie family in River Louison (now Nash Creek), and he fell in love their sixth daughter, Jane. They were married on 7 January 1869 when he was 36 and she was 22. For their wedding gift, his parents built a large home for them at the top of McLean's hill (see picture). As children, we knew it as "Aunt Christina's house" and were the happy recipients of many wonderful apples from their orchard.

Reading from the writings of their granddaughter, Eva McLean Miller, Donald and Jane's life was a busy one, no doubt a hard one and certainly an industrious one. Donald took an active interest in religious and educational matters and was esteemed by all with whom he came in contact for his upright and moral character. He and Jane had 9 children and watched six of them grow up to adulthood. Some of their children left for distant parts of the country and the world; others remained in close proximity to their parents and siblings.

Donald died in 1924. Jane remained in the house at the top of McLean's hill, with her daughter Christina (widow of William Hamilton) and next door to her son, John Currie McLean and his large family. Pictures of Jane in her late 70's show a woman with a youthful face and a happy demeanor; certainly she was very well loved by all of her family, especially her grandchildren who had many fond memories of listening to her recount the stories of her life as a young girl in River Louison.

Jane died in 1939 and her daughter Christina continued to live in the family home until her own death in 1952.

Of Donald and Jane's nine children, Catherine Eva McLean was their 7th child and 3rd daughter. She was my maternal grandmother, known to our family as Grandma Jones.

## MANY MOURN PASSING OF LATE J. C. MacLEAN

With the passing of John Currie McLean of Charlo Restigouche County lost one of its most respected citizens. Mr. McLean was taken ill two weeks ago and though hopes were held for his recovery he died suddenly on Friday afternoon.

The late Mr. McLean was born in Charlo 68 years ago a son of Donald McLean of Blair Athol, Scotland and Jane Currie of Jacquet River. He was a successful farmer and bridge contractor and was for many years Structural Superintendent of Bridges. A staunch Liberal he took a keen interest in politics and served on the municipal council board for nine years. He was chairman of the overseers of the poor ex-warden of the county and a member of the Restigouche Caledonian Society.

Surviving are his widow the former Winifred Dickie of Point la Pique; six sons Ralph, Norman, Donald, Aubrey, Albert and Murray; seven daughters, Mrs. Frederick Atkinson and Mrs. Vaughan Fawcett of Sackville, Mrs. Ronald McDonald, Amherst, Mrs. Leslie Miller, Blacklands Winifred, Effie and Marion, at home; also six sisters, Mrs. W. M. Hamilton, Charlo, Mrs. Hugh Munro, Vancouver, Mrs. H. H. Clarke, Holden, Alta., Mrs. O. G. Steele, Winnipeg, Mrs. N. C. MacKay, Campbellton and Mrs. L. D. Jones, Halifax, and six grandchildren, to whom the sincere and heartfelt sympathy of all is extended.

The funeral was conducted by Rev. George Sears, of Saint Paul's United Church, of which church the deceased was an elder, and was one of the most largely-attended ever seen in the county many friends and acquaintances coming from far and near to pay their last respects. Many beautiful floral offerings were received.

During the service the Rev. George Sears and Mrs. George Chalmers sang a favorite hymn, "There's a Land that is Fairer Than Day." The pall-bearers were Messrs. Donald and Peter McLean, Campbellton; Alex. MacPherson, Leslie Miller, Louis Giroux and William Hamilton. Interment was made in the New Mills Cemetery.

## What I Know of the Jones Family

When I began to research my mother's family tree, I began with her father, my maternal grandfather, Lynus Delbert Jones, and went back from there. Census records and marriage certificates provided me with the only documentation I could find about his parents (Joshua & Mary Ann) and siblings and his paternal grandparents (John and Nancy) and their children. Beyond this, I have nothing

A mixture of fact and assumption give me the following:

John Jones (b. approx 1809) and Nancy Murphy (b. approx 1817) were probably children of United Empire Loyalists. They could have entered Canada through Maine or through Saint John, NB but various census records show that they settled in western and central New Brunswick.

John & Mary were the parents of Joshua Fulton Jones who married Mary Ann Boone in 1869; they were farming people and made their home along the Saint John River in the Parish of Wicklow, Carleton County, NB

Joshua & Mary Ann were the parents of my grandfather, Lynus Delbert Jones, (who was called on census records Lineas, then Lineas D. and then finally Delbert) who worked on his father's farm until he attended the Teachers College in Saint John at the beginning of the 1900's. After teaching in a number of communities around the province, Delbert married a fellow student, Catherine Eva McLean, my grandmother, and took the position of Principal of the Dalhousie Superior School, close to her family in River Charlo.

IN EVERY CONCEIVABLE  
MANNER, THE FAMILY  
IS A LINK TO OUR PAST,  
A BRIDGE TO OUR FUTURE.

## Lynus Delbert Jones &amp; Catherine Eva McLean

While attending teaching college in Saint John, NB, Lynus Delbert Jones, from Carleton County, New Brunswick met and fell in love with fellow student Catherine Eva McLean, from River Charlo, Restigouche County, New Brunswick.

They were married on December 27, 1905 and made their home on Adelaide Street in Dalhousie. They had three small children when the World War I call to arms was issued in 1914. Delbert joined the 132<sup>nd</sup> Battalion of the Expeditionary Force (Canadian Army, departed for England and France in 1916, and returned home in 1918.

The following letters from Delbert to Eva were written by him to her before they were married (1905), shortly after their marriage (1906) and when they were parents of their first two children (1911) and he was training and writing Officer exams in Fredericton, NB

I believe theirs was a true love story and his death in January 1920, from a form of war-related meningitis, was the tragic end to what no doubt was a happy marriage. Their fourth child was born April 1920.

Catherine Eva sold her home in Dalhousie to my mother and father shortly after their marriage in 1932. She moved to Halifax in December 1932 with her younger son, Delbert and lived around the corner from her older son, Charles. She was involved in many women's organizations (Poetry Society, President - The Jost Mission) and lived a quiet life at the house on Robie Street until her death in 1963, forty three years after her beloved Delbert.

I am sitting by the little table in the kitchen studying and writing letters, and I have come to the conclusion that I should insert an ad - in the Tribune for a Wife, and if you should see it and care to answer I would much pleased to negotiate with you. These have been days miles long, and there was not a spark of the happy Sundays we have when you are home, yesterday. I have put up the hall stove, swept and made things clean again. I cooked potatoes, beefsteak, baked apples and washed the dishes. I am also thinking of getting Mary LeBlanc to stop a spell with me and be my cook. ha, ha.

Mr Mack preached two lovely sermons yesterday. I was up to Aunt Maggie's yesterday afternoon but came home <sup>well water</sup> tea. Tell your father to let you know how much you owe him and let me know when you come to Dalhousie. I thought you would be home to night but here it is 15 to 10 and I must run to the letter box with this. If you are not coming up tomorrow write to me by tomorrow's local.

Dear Eva

I rec'd my marks this morning and find that I did much better than I anticipated. I had three coming to me in this case. We are having quite warm weather here at present and we find it none too comfortable to drill in the yard.

I have to go on Officer of the day every 3<sup>rd</sup> day and that keeps me staying around too much.

I shall be home in two weeks and then we can look after the "bad one" together.

If you would come here and get the Commission and study of P. C. L. for me. I would stay at home.

Hope you will not get too discontented while you have the children to look after.

I just drill and come home then plug for our examinations coming off this week.

I am sending you in marks

Carleton County, New Brunswick

Constructed in the early 1920's and dedicated to the citizens of Carleton County who lost their lives in World War I.

In the early twenties, the Carleton County Council, in co-operation with the Federal Government, erected a Cenotaph on the County Court House lawn, and the names of the Great War dead from Carleton County are inscribed thereon. The Cenotaph was later modified with the addition of a bronze plaque. The plaque was installed and unveiled with the names of all those from Carleton County who were lost during the Second World War.

# FAMILY MEMORIES

## "Old-Timers" or "Who's Where"

Halifax is the dwelling place of the two "Who's Where" personalities we shall note this week, the "Who" parts being Dr. Charles M. Jones, F. R. C. R., one of the most outstanding students to have attended this school, and Prof. L. Delbert Jones. They are brothers.

Although he completed the last term of his grade XI in Campbellton, Dr. Jones studied at Dalhousie Superior, situated then on the present Town Hall site, from the time he was six years of age to 1923.

His studious school life rewarded him with the 1923 I. O. D. E. Scholarship.

Brilliantly in all his subjects did not, however, cloud the humorous side of his character, as the giggling class of '23 would remember. His old schoolmates will be interested in knowing that their friend hasn't changed in the years, still retaining the smile and the crop of red hair.

### Served Overseas, World War II

Having studied medicine at Dalhousie University, he did post-graduate work at the Royal Victoria in Montreal, where he specialized in radiology. Enlisting in the Medical Corps at the outbreak of the recent war, he served overseas in 1942 as a Major attached to No. 7 Military Hospital.

## Elect Officers Of Jost Mission

Mrs. L. D. Jones was elected president of the Jost Mission at the annual meeting yesterday.

Other officers are Mrs. F. W. Killam, 1st vice-president; Mrs. W. McT. Orr, 2nd vice-president; Mrs. A. C. MacDonald, secretary; Mrs. Harold Johnston, treasurer.

A vote of thanks was passed by the meeting expressing appreciation for the services of Mrs. C. D. Cooke in the office of president during the past several years.

The report of Mrs. Lillian White, superintendent of the mission, indicated 1939 had been an active year. Children of the mission presented a concert, proceeds of which were for the benefit of Camp Sunshine and Rainbow Haven.

A day nursery was maintained with a kindergarten teacher in attendance and a number of children were given treatment in the convalescent ward. All children received medical examination.

## Brother Followed Music Career

His musician brother, Prof. L. Delbert Jones, who also was a pupil here, is now a piano teacher at the Maritime Academy of Music in Halifax, where he received his teacher's diploma.

Prof. Jones, who has composed several pieces of music, received the Licentiate from the Royal Schools of Music in London in Organ Teaching in 1945. The following year he received the Licentiate of the Royal Schools of Music in piano. Since September, 1946, Prof. Jones has been Organist and Choir Master at St. Matthias Anglican Church, Halifax.

### Father Was Principal Here

It is of interest to observe that the father of these two brothers, the late Major L. D. Jones, was Principal of Dalhousie Superior from 1906 to 1914, 1918 to 1920.

Both brothers are of modest natures and as a rule, avoid newspaper publicity, but it is fitting to note in this column the manner in which two former pupils of our school have "made good".

Albert Einstein: "School need not preach political doctrines to defend democracy. If they shape men capable of critical thought and trained in social attitudes, that is all that is necessary."

## Session Held By Poetry Society

Rev. Edward Morris gave an interesting talk on "Sacred Poetry" at a meeting of the Nova Scotia Centre of the Poetry Society on Saturday afternoon at the home of Dr. C. M. Jones, Inglis Street. Mrs. L. D. Jones was the hostess. Miss Norma Smith presided.

The speaker called attention to the fact that this year marks the centennial anniversary of the writing of the hymn which has so endeared itself to all denominations of Christian faith, "Abide With Me", and of the death of the author, Rev. Henry Francis Lyte. Preparations are now being made throughout England for the observation of this centenary to be held during the month of November.

Three short poems from the collected works of Arthur Bourniot were read. A poem by Mrs. G. A. MacIntosh, called "Atonement", was read. Mrs. A. L. Macdonald received congratulations for having one of her poems commended by The Poetry Review.

Tea was served by the hostess and Mrs. Macdonald and Mrs. E. Beckford poured tea. Afterwards Delbert Jones played several piano selections from the works of Scarlatti, Chopin and Beethoven. Mrs. G. S. Hart moved a vote of thanks to the hostess.

Delbert Jones, organist, pupil of Dean E. A. Collins, has received the L. R. S. M., London, England, teachers diploma in organ. Criticisms returned gave this student high praise as his marks were in the 80 bracket.

Last week Mr. Jones received the A. T. C. M. in piano with honors from the Toronto Conservatory of Music, and the previous year was the winner of the silver medal for Nova Scotia presented by this conservatory, his marks being the highest in the Maritimes. At that time he was awarded the Frederick Harris Scholarship.

Mr. Jones is a son of Mrs. L. D. Jones, Robie Street, Halifax and the late Major Jones of Dalhousie, N.B.

Dr. Charles M. Jones, 199 Inglis street, entertained at eight tables of bridge Wednesday evening. The prize winners were Mrs. J. A. Noble, Mrs. B. Wilson, Dr. R. L. Smith and Dr. W. Leslie.

Dr. Charles M. Jones, Delbert Jones, and Mrs. L. D. Jones have returned from an enjoyable three weeks motor trip through Maine, New Hampshire, Vermont; and they also visited friends and relatives in Montreal and Ottawa before returning home.

Mrs. L. D. Jones will entertain the members of the Nova Scotia Centre of the Poetry Society at the home of her son, Dr. C. M. Jones, 199 Inglis Street, Saturday afternoon, October 18, at 3.30 o'clock. The program will consist of a talk on Sacred poetry, reading of members' original contributions and music.

## Organ Recital Well Received

An exceptionally well presented organ recital was given Monday evening in St. Matthias' Anglican Church by Delbert Jones, L.R.S.M., assisted by Sydney Flecknell, baritone.

A large audience was on hand and was most impressed by the control and technique of the young Halifax organist. For his program he chose a selection of the better known organ compositions and interpreted them with skill and expression.

His strong, yet dexterous fingering won him praise as did his profound knowledge of organ technique which he used to advantage at all times.

Among selections played by Mr. Jones were the "Concerto In B Flat" by Handel; "Concert Overture in C Minor" by Hollins; Chorale Prelude on "St. Peter"; "Sleepers Awake" by Bach; Guilman's "Scherzo" and "Allegretto from the Sonata No. 4" by Mendelssohn and the poignant, "Romance" by Tchaikowsky.

The rich, baritone, voice of Sydney Flecknell, was heard to advantage in several selections including the dramatic, "Holy City" by Adams, the aria, "O God Have Mercy" by Mendelssohn and the beautiful "Where'er You Walk" by Handel. He sang easily with a wealth of expression and his listeners found his interpretations of the three selections of profound interest.

Delbert Jones, L.R.S.M. will present an organ recital Monday evening, November 10, at 8 o'clock in St. Matthias Church. He will be assisted by Sidney Flecknell, well known baritone who has recently returned to Halifax after spending six years in England. A silver collection will be taken up for the choir fund.

### Charles McLean Jones

(Halifax Infirmary newsletter, dated January 1969)

Dr. Charles M. Jones died suddenly early in the morning of Sunday, 22 December 1968. He had worked Saturday morning and attended a wedding reception that night.

We extend our deepest sympathy to his wife Marjorie, his daughters Jeanne and Carolyn, his stepson Hugh and his brother Delbert.

Charley was a man of many interests and master of them all. No man was longer associated with the Halifax Infirmary than was he. This started with working around the old Infirmary on Barrington St. for his room and board while a medical student. In 1931, a year after graduation in Medicine, he became the Radiologist of the Infirmary.

He planned the X-Ray Department of the present Infirmary that was built in 1933. He planned the expansion to the present large department and the expansion that is now in progress.

Twenty years ago, Dr. Jones did all the radiology, both diagnostic and therapeutic, EKG's and physiotherapy. All separated, leaving diagnostic X-Ray as a separate department. He was a father confessor to the medical staff. For the last few years, he was an ombudsman to see that patients got into hospital if they needed to but did not stay any longer than necessary.

War broke out in 1939. He joined the Army, becoming radiologist of No. 7 General Hospital and serving overseas. When the hospital was slated to go to the continent and work in tents, Dr. Jones learned all the tricks of tent raising from a circus tent master, and soon the hospital set a record for getting their tents erected.

Dr. Jones came back after the war. His next interest was the Halifax Symphony. This started as a small concert group and kept expanding until it became a Symphony Orchestra. In the process, Charley sold tickets, scrounged funds, erected soundboards and even became a member of the Musicians' Union.

The next big interest was sailing. He had a small schooner, "Sahoose" which was his great hobby for several years. He became a Rear Commodore of the R.N.S.Y.S.

In 1959 the Hospital Insurance Plan started. Dr. Jones was President of the radiologists and there were battles with the Commission and the Medical Society. Then he became consultant to the Commission on Radiology for every hospital in the province. Any change in any X-Ray department had to have his approval.

In between these interests, he had many hobbies and was master of all of them; photography, metal working, wood working, glass collection, clocks, gardening and even bricklaying.

Now Dr. Jones is gone but his memory and achievements live on.

Well done, thou good and faithful servant.

JONES, Dr. Charles M.— of 6019 Inglis Street, at his home on Sunday December 22, 1968. His remains of the Late Dr. Jones resting at MacAskill's Hall Funeral Home 6270 Quinip Road. Funeral services will be held 10 a.m. Tuesday at Fort Massey Church, Dr. D. M. Sinclair officiating. Interment 12:15 p.m. in Hantsport. In lieu of flow donations may be made to Young Women's Christian Association.

**FORD, Marjorie J. - 1918 - 2012.** Marjorie Jessie Ford (née Maclean) was born in Edinburgh, Scotland on February 23, 1918, a daughter of Major Dr. Walter L. Maclean, C.A.M.C. (d. 1917) and Lillie Alberta "Allie" Boak Maclean (née Umlah, d. 1994). Raised by her mother in Halifax, Vancouver, and Bermuda, Marjorie attended the Halifax Ladies' College and St. Leonards School in St. Andrews, Scotland. She graduated from Dalhousie University in 1939 with a B.A. in English and Biology. While at Dalhousie, Marjorie was an enthusiastic member of the Glee Club and a frequent contributor to the Dalhousie Gazette. Marjorie was first married in 1943 to Surgeon-Lieutenant Hugh M. Henderson, R.C.N.V.R. (d. 1944). She subsequently married Dr. Charles M. Jones in 1953 (d. 1968) and Dr. William L. Ford in 1970 (d.1992). Marjorie is survived by son, Hugh Dugald Henderson (b. 1944) of Whitehorse, Yukon; daughter, Carolyn Jessica Jones (b. 1955) of Vancouver B.C.; stepdaughter, Arden L. Ford, Montreal, Que.; stepdaughter, Stephanie M. Ford Forrester, Lakefield, Ont., and niece, Elizabeth A. Henderson, Halifax. An active volunteer with the YWCA, Marjorie served one term as President as well as being a long-time Sustainer in the Junior League. Over the years, she enjoyed collecting antiques, belonged to investment, garden, and book clubs, The Antiquarian Club, and took up tai chi. Marjorie felt fortunate to have been able to travel widely, accompanying her husbands on their work to Great Britain, Ireland, Italy, Portugal, Iceland, the Azores, Martinique, and St. Lucia. Both Charlie Jones and Bill Ford were avid sailors so Marjorie spent much time in and around boats and boatyards. In her later life, Marjorie made many trips with Bill up and down the East Coast and farther afield to Mallorca, Greece, and the Baltics. A true Haligonian, Marjorie also had deep ties to Hantsport and the Annapolis Valley, where her mother lived. Here, she spent several years as a young mother and war widow and would continue returning with her family for summer vacations. In 2009, due to failing health, Marjorie relocated to Peterborough, Ontario, to be close to family. She died in Centennial Place, Millbrook, Ontario on June 10th. Carolyn, Stephanie, and Arden were with her in her final days. Cremation has taken place. Interment will be in Riverview Cemetery, Hantsport, at a later date after which there will be a private celebration of her life. In memory of Marjorie, friends are welcome to make a donation to the YWCA of Halifax. On-line condolences may be made at:

## Allan T. Stewart

Deep sympathy was felt for the bereaved widow and family when it became known that in the early hours of the morning of Monday, February 21st, Mr. Allen T. Stewart of Perth had passed the Great Divide. His sudden demise, due to heart failure, was quite unexpected, for although he had suffered a few slight heart attacks recently, no one dreamed that the end was so near.

Born September 18th, 1861, in Heuvelton, N. Y., a son of the late William Stewart and his wife, Elizabeth Walters, he was a member of a family of twelve, of whom only one, Mr. Wm. Stewart, of Ompah, survives. When he was nine years of age his parents removed from his birthplace to Ompah, Palmerston township. From then on he experienced the life of a pioneer in helping to hew out a farm in the unbroken forest, driving the river and shantying at a very early age. It is to men of his type that we owe the farms and settled homesteads of the present, and their industry and self-sacrificing lives should not soon be forgotten.

In 1890 Mr. Stewart was married to Miss Margaret Shanks, of Canoto, and to them was born a family of nine, of whom, along with the widow, seven are left and fourteen grandchildren to mourn his loss. The family consisted of Newell, of Perth, Alberta (deceased at three years of age) James (died in infancy) Bessie (Mrs. Thos. Ferguson) of Folger, Lenus, of Toronto, Charles, of Bucksport, Maine, William, of Dalhousie, N. B., Roy and Albert of Heuvelton, N. Y.

A year after his marriage, the deceased moved to a farm in Canoto leaving there in 1909 for Folger where for nine years he conducted a general store and farm. The next two years he resided in Carleton Place, after which he entered the employ of the G. W. M. Hospital in Perth, remaining till 1930. Since then he had made his home in Perth, a home that was noted for its genuine hospitality, and its host for his genial, hearty friendship. Always active and young in spirit, he was familiarly and affectionately called "Pa" Stewart by a score of young people. Although in his seventy-seventh year, he was always ready for any sport, trips, etc., and had thoroughly enjoyed life through the passing years.

The funeral, which was largely attended, took place from his late residence in Perth on Wednesday at one p.m., the Rev. H. A. Berlis conducting the service. The remains were placed in the Elmwood vault, awaiting later interment at Ompah. All of the family were home for the funeral. The pallbearers were the six sons of the deceased. Last tokens of respect were shown by telegrams and letters of condolence from many sources as well as by the wealth of flowers which surrounded the casket. Wreaths from—the family, the North families, Fallbrook,

the Espie families, Toronto, Sprays from Mr. and Mrs. Fred Stewart, Cobourg, Mr. and Mrs. Wm. Praskey, Perth, the employees of Stewart Bros., Heuvelton, N. Y., Miss Walker, Heuvelton, N. Y., the girl room-

## Mrs. Allen Stewart 1944

On June 20th, at the G.W.M. Hospital Mrs. Allen Stewart, formerly Margaret Susan Shanks, passed peacefully to her eternal rest after an illness of five weeks. She was born July 10th, 1870, the fourth daughter of the late Samuel Shanks and his wife, Margaret McCullough, of Canoto. Of a family of nine she was the last surviving member.

On October 15, 1890, she was united in marriage to Allen T. Stewart, who predeceased her in February 1938. To this union was born eight sons and one daughter of whom two sons died in infancy. Those left to mourn a loving mother are: Newell of Perth, Bessie (Mrs. T. Ferguson), Folger, Lenus of Toronto, Charles of Bucksport, Maine, William of Dalhousie, N.B., Roy of Heuvelton, N.Y., and Robert in the American Navy, Davisville, N.J., as well as fifteen grandchildren and two great grandchildren.

The funeral services were conducted by Rev. M. Milner, President of Ontario and Quebec Conference of S.D.A. Church, assisted by Rev. Mr. Alp of Perth United Church, on Friday from Blair's funeral parlors to Ompah United Church, thence to Ompah cemetery. The pallbearers were her six sons.

Men who thus give up income and home comforts, and risk life itself, certainly should not have to sacrifice such civilized habits as a clean, smooth shave whenever they want it. Experience has shown that the only way to be sure of this at the front is to have a Gillette Safety Razor.

MANY ENTERTAINMENTS  
DURING VISIT OF  
H.M.S. NORFOLK

H. M. S. "Norfolk", flagship of the North Atlantic fleet, steamed out of Dalhousie harbour at 2p.m. yesterday, ending a six-day visit that afforded much pleasure both to Dalhousie and the crew of the ship. While Admiral Drax and other of the ship's officers were engaged in fishing the famous North Shore salmon and trout streams, members of the crew were royally entertained by local people, and in turn did their own share of entertaining. Members of the I.O.D.E. were guests of the officers at tea on Friday. A good many of the boys attended the regular dance on Friday night, when the largest crowd of the season made the affair very successful. On Saturday, the ship's orchestra furnished music for a dance in the Fire Hall, which was enjoyed by a large number of people. Saturday was band concert night, too, with the ship's band furnishing an hour of excellent music at the Court House lawn. Following the concert, the naval soccer team met an all-star aggregation from Dalhousie and won a 6-1 victory, witnessed by a large and interested crowd. Tennis enthusiasts from the ship were made welcome on Saturday afternoon, when the club players annexed 5 of the 7 events played.

Seventy-five years  
ago (1937)

Miscellaneous

One of the most serious train accidents to occur on the North Shore in recent years took place at Belledune when 22 cars of the fast freight left the rails in the vicinity of the Canadian National Railway depot and all through the night workmen from Campbellton and other places were kept busy clearing the track in order to re-arrange traffic as soon as possible. A broken arch-bar is given as the cause of the accident which occurred about 4 o'clock. Word was sent to Campbellton and the wrecking crane and other equipment were soon despatched to the scene with a crew of workmen. As a result of the tie-up of traffic, no trains from the east were on time and the Ocean Limited from Halifax to Montreal did not pass through here until Tuesday morning at 1:30 after being held at Bathurst until the tracks were cleared and repaired.

Marion Delberta Jones to Bessie, 9 June 1938

Dalhousie, N. B.  
June 9 - 1938

Dear Bessie:

Backward, turn backward, oh time,  
in your flight.

Put me at Bessie's again for tonight.

Give me a plate of that brine pickled  
beef.

And all the wild strawberries I can  
eat.

Let the sweet-country air, all  
closer fed

Drive the cabbages out of my  
head.

When I've had my fill of all  
these delights.

Then, oh time, you may start  
again on your flight.

Didn't know I was a  
second Shakespeare did you?  
could have gone on with this  
chain indefinitely, but I cut it short  
on your account. People can only

stand so much. We received your  
letter, and I sent it on to Charlie  
personally. I think your idea was  
allright, much better than Bill's of  
putting the farm up at Auction and  
you bidding it in for as little as  
possible. There would be so  
much bother attached.

We left - Chas & Axie at Prescott  
and got into Montreal, Thursday at  
supper time and had no trouble  
finding my sisters. We stay'd  
there a day and left Saturday  
morning for home, getting in  
about 3 or 4. Sunday afternoon. It  
is always nice to get home again  
though a holiday is apt to spoil  
you for work. I just dilly-daddled  
the first week, not doing much  
of anything. Bill is only smoking  
every second week now. We are  
on day light-sounding and it  
seems unnatural. There is still  
some light in the sky at 10.30

3.

The two small boys are playing  
outside. Bill & Charlie have gone to  
watch a baseball game. Billy  
will be four Saturday, and I've  
promised him a small birthday  
party with a few of the trimmings.

People won't believe me when  
I said there was 35 - sit down to  
supper, one Sunday night, on our  
trip. It's rather surprising me too  
when I stop to think of it. Just  
how did you manage to put me  
all up so efficiently? and wouldn't  
I have liked to have had a camera  
and films.

You will soon be seeing  
Lenus & Janet again. Wish they  
could come a little farther and  
see of us. Write us soon.  
Love,  
Marion

Dear Tom & Bessie & Family

Just to say we are  
happy and without  
casting any discredit on  
yours. or Mary's hospital  
to be glad to be here. We  
would have loved to  
stay longer specially  
since the children have  
been voicing their dis-  
appointment <sup>over</sup> after since  
we left but some-  
thing was pulling  
us along. and we  
just raved along from

2)  
One place to another  
without thinking and  
now what we have  
stopped to be let down.  
has been terrific. I  
think we realize for the  
first time how final it  
all is. Grandma gone  
everyone scattered, and  
no friends can take the  
place of your own.  
Loved ones. (believe me. I'm  
all Stewart) So we're  
a pretty blue pair  
today with that all.  
gone feeling - I know

You know what I mean  
Bessie, However thanks  
for everything. Bill  
raved all the way  
down about how good  
and kind Tom was. He  
didn't realize what a  
wonderful fellow he was.  
He didn't expect me  
to put this in but I  
am anyway. I believe  
in passing along compliments  
so that when people  
die you're not haunted  
with all the things  
you could have said  
and done.

Not that Tom went last  
50 years yet. I didn't  
intend to write such  
a depressing letter. I stay'd  
with Nellie all day Sunday  
and we got berths in the  
same car as Nellie had  
her compartment. So we  
traveled in with her. Fern  
and I. and the boys &  
Bill had the two berths  
and we were together  
right to Dalhousie Junction  
wasn't that surprising  
Monty gave us a  
wonderful welcome. He

take around like mad  
Bill had his overcoat  
stolen in the restaurant  
in Montreal. a  
terrible loss. to us. but  
why worry now what  
it is gone. Our chickens  
have grown. nice and  
big. we'll be able to  
start killing them next  
month. Well. I have  
one big washing to-  
morrow & the Phouse.  
to clean from top to  
bottom so must go

Dear Bessie and Tom and family  
Will try and answer your letter although I think I'll have some time with this pen. I am in the mill on the 12-8 Shift so will have to make the best of it.

As far as I am concerned you are making a very generous offer for the two houses. I only hope the rest feel the same. I sent your letter on to Chas. and feel he and I think Albie so will get in touch with the rest and hope it will be O.K. with them. However, can mark the money you get for rent and maybe we can let that go as of the date of your offer. As for some

things like the 38-55 rifle, that has never crossed my mind till I heard some chewing over it when I was home, those things will just have to be settled some way or I will make an offer and leave them wherever they are, if that is not suitable I'll have to take a trip home again and round them all up and make a sale, which would not pay my board while doing it, but if it all has to be done the legal way there won't be anything left to fight over if executor's fees are taken out. I believe any one that does any kicking forgets that that can be done

however that is the black side of it, and I only hope everyone is satisfied with the settlement when finished, I told Lenus to advertize these houses in the Paper just to satisfy someone I certainly don't expect any offers, as soon as I hear from Chas I'll let you know.

How I want to tell you how glad I am that Mother and Dad had a large family. It certainly makes me feel good to sit and think of you all in different parts of the Country and to know how welcome I am to come to your places as far as I can see we have got along well together with no hard

feelings and that is something for a large family. I think we can give all the credit to those two dear people that brought us up. The day after we got back was an awful let down. I said to Marion let's run over to Folger for the afternoon, we were just there and gone again, but Bessie you sure needed a long rest I don't see how you stood it as well as you did. And Tom I've often thought of you that week at North. you never said a word about tires or gas and the car was at anyones disposal. It's a lot more than just being a good guy over

will close now and look  
the jobs over

lots of love.

Your Bro. and uncle.

Bill

## WAREHOUSE DESTROYED

### FIREMEN DO EXCELLENT WORK

An early morning fire of spectacular proportions last Saturday demolished the large warehouse of the George Eddy Co., Ltd., at the West end of town, destroying the building and contents, as well as a part of the lumber in the adjoining lumber yard. A barn on the Lavoie property was also burned and some damage occurred to the main building as well.

Emanating from an unknown source, the fire spread rapidly through the dry lumber and building material in the warehouse, with the result that, although the Fire Dept. made a swift response to the alarm that was rung in shortly after 3 A. M., the building was a mass of solid flame before the first stream of water could be brought to bear on it. All available hydrants were pressed into service as the firemen played eight streams on the holocaust, fighting to protect several dwellings which closely adjoined the burning structure. Working in intense heat, but aided by the absence of any wind, the local brigade was able to prevent serious spread of the flames. It was necessary to keep a fire guard on the ruins for about 48 hours after the blaze was subdued.

The estimated loss was about \$60,000, partly covered by insurance. Interviewed today, Mr. Lloyd Clark, local manager of the Eddy Co., announced that the warehouse would be rebuilt.

## H. M. S. DUNDEE VISITS PORT

H. M. S. Dundee, second ship of the America and West Indies Squadron to visit Dalhousie this summer, steamed into port last Friday evening and dropped anchor above the Government wharf. On Saturday morning Mayor Allain, with Ald. LeBlanc and Harbour Master S. G. Grimmer, went aboard the ship and, on behalf of the Town, extended a welcome to Captain W. H. G. Fallowfield and the officers and crew.

On Monday an informal reception was tendered the Captain and officers in the Town Hall, and on Monday evening a large group of officers and men attended a special dance at the Arena. In a closely contested football match on Monday night, the Dundee boys defeated the local aggregation, 3-2. Tuesday

### SOFTBALL FINALS

Softball fans are getting their share of entertainment these days. Out of five games started for the league championship and the Bearce Trophy, three have been declared "no game" after giving the fans exhibitions of the most closely fought contests in local softball history.

#### FRIDAY'S CONTEST

Fireaters went into the fray, on Friday last, one game down by virtue of the Pirates 5-3 win in the opener on Wednesday, but the kids were anything but a beaten team. The youngsters pushed over a run in the first and four in the second, leading the Pirates 5-1. Pirates scored once more in the third, and pulled up to a tie in the fourth. O'Regan's boys took a lead of two in the sixth, got two more in the seventh, and Fireaters grabbed two in the same frame. The youngsters notched up the tying run in the eighth, the game was scoreless in the final frame, & the "no contest" decision was handed down in accordance with league rules. Score, 10-10.

#### SATURDAY NIGHT

On Saturday these two evenly matched & hard fighting teams met again. O'Regan's boys pushed two markers over in the first to take an early lead, while Fireaters collected a single tally, but tied the game in the second with another run. Pirates broke away to score three in the third, Bateman's boys got one in the fourth, trailing 3-5. The Pirates ran three more in the fifth, while Fireaters collected two. In the sixth, battling in semi-darkness, O'Regan's men got another, while Fireaters again crossed the plate twice, making the score 9-7 for Pirates. In the seventh, Pirates garnered two more, and then the Fireaters came to bat in the gathering dusk to wallop Hanson's offerings all over the lot. With the score tied and none out, the game was called when it became apparent that darkness would prevent completion of the full nine innings. Score, 11-11.

#### TUESDAY - AGAIN "NO CONTEST"

On Tuesday the two rivals lined up again to try and get another game of the series played, and again Fate decreed otherwise.

After collecting two in the first, Pirates took advantage of momentary looseness on the part of the Smokesters to tally five runs in the second. With air-tight ball the order

#### TOURIST SEASON

Just in case you haven't noticed, this is New Brunswick's tourist season. That fact is very apparent to any person who wants to take the time or bother to watch the cars go through the town, and look at the license plates they are carrying. A lot of them are from Quebec, some from Ontario, a good many from Maine, quite a number from Massachusetts, some from Ohio, New Hampshire, and other States of the U. S. A., and from the neighboring Provinces of the Dominion.

They all represent money. Money spent for lodgings, food, souvenirs, photo films, dozens of odds and ends.

Will they keep coming? The answer is that they will - just as long as they get a square deal. These people are just ordinary human beings, even as you and I. They are spending a vacation, and they want to spend it where they can enjoy themselves.

The North Shore has a lot to offer during the summer months. Good roads, beautiful scenery, excellent climate, bathing, fishing, all a tourist's delights are here.

But these tourists are human, too, in this that they don't care to be gyped. They'll stand for it once, but they won't come back, and the person who mulcts our visitors and puts himself on the back for having pulled a fast one, is fooling himself in the worst way.

Give tourists an even break, treat them as valued guests, extend to them the service, courtesy and fair play that you would give your most valued customer, and they will return and bring their friends.

If we want the share of tourist business to which our locality and wealth of climate entitles us, we have only to deal fairly, advertise our offerings, and let nature take its course.

THE SHADOW

It is a pleasure, during these balmy summer weeks, to take up the pen & ink stakus temporarily laid aside by my modest colleague the Spider, and jot down for your edification the various things I notice as I float to and fro in the ether. . . . But with some of our best subjects failing to offer food for scandal, my assignment may prove a more or less difficult one. . . . Leo, for instance, who could be depended upon for at least one contribution to our scandal column each week, has gone and entangled himself in matrimony, and we'll hear no more of him. . . . Several of the boys have shipped their wives away for a vacation, but if they're misbehaving - I mean the boys, not the wives - I can't catch them at it. . . . Don Eipper, I hear, had to sue a man about a dog. . . . The Pirates dropped their game against Wildcats last Friday in spite of the fact that pitcher Hanson was out practicing his new jump-ball delivery at 8 a. m. of the big day. . . . The game put Hasbeens into a play-off berth for a few days. . . . LeBlanc and Gouin jumped from tennis court to softball field without changing costumes, and the white panties suffered. . . . Jack Pearl - Was you dere, Sharlie? - has deserted the air-ways to make a talkie, and Eddie Cantor is also summering in California. . . . Radio is fairly good, for summer weather, with the upper Canadian stations coming in stronger than they used to. . . . Zeke is reported to have been approached by the Canadian Radio Commission, but refuses to divulge the details. He probably spoke up to Sir Hector & demanded his rights. . . . The statelo you get after 11:30 p. m. is Bill Edwards, sleeping quietly as usual. . . . The girls, some of 'em, are still blind to anything but sailor costumes, and the boys are thinking of opening a Naval Academy in self-defence. . . . Pat Patterson has given up using English hand-tied fishing flies, I hear. Details on request, or address a self-addressed envelope to Mr. Patterson. . . . Len Clifford will meet Strangler Lewis in the fall, and is practising wrestling holds with his son, Ray. Again details on application. . . . If you hear anything before next Monday let me know. . . . Meanwhile - may no Shadow cross YOUR path.

I've just heard the story of the tourist party. . . . who were at Robertson's corner. . . . headed for Bathurst. . . . They stopped Don Davidson. . . . and asked him how far it was to Dalhousie. . . . Imagine, going through the fourth largest town in the Province without recognizing it. . . . Is there something wrong with these tourists? . . . or with the town? . . . your guess is just as good. . . .

The mill didn't start up on Monday. . . . The shortage of water at Grand Falls was the reason given. . . . and that's no lie. . . . because I saw the St. John river on Sunday. . . . or the place where the river used to be. . . . and a potato bug could wade right down the middle of it without getting his corns wet. . . . but such potato fields as I viewed. . . . a thousand acres in one place in Maine. . . . all belonging to the one farmer. . . . them's a lot of spuds. . . . Hope you'll drop in to see our new quarters after Sept. 1st. . . . service and more of it is what we aim to give. . . . Chaleur Lodge, Knights of Pythias, will be the new tenants of the old Dalhousie Club quarters. . . . rumors are that Pythians will enter a team in the basketball league this winter. . . . they're all pepped up over the showing they made in softball. . . . and feel very athletically inclined. . . . As I write this the third game of the semi-finals hasn't been played. . . . but I'm still picking Pirates to clean up without much trouble. . . . only a lot of heavy hitting won't. . . . certainly piled up the errors. . . . and some of them were very costly. . . . L'Assomption Society will have brand new quarters, I hear. . . . and Knights of Columbus are considering formation of a local lodge. . . . a good idea, because there are a lot of K. of C's in town. . . . and the nearest lodge at present is Campbellton. . . . Here I am at the end of the column. . . . and nobody under the Shadow. . . . so I'll just mention Harry Woods. . . . This young Lothario is receiving many beautiful portraits of young ladies desiring matrimony or what-have-you. . . . and what I'd like to know is whose picture he is sending in return. . . . maybe George's. . . . THE SHADOW

Well folks.....our young friend Harry lost most of those precious photos we told you about last week, and is now out on a man-hunt with murder in his heart and no hair on his chest.....If you can't talk anything but softball, you're right in the swim..... Saturday evening produced one of the most hectic times I've seen in some while..... the way the fans took things in hand you'd think it was a hockey game..... and that nothing less than the Allan cup was at stake..... the crowd didn't know just what it was all about, and didn't much care..... but I guess by now everyone knows that no play-off game of less than nine innings will be counted as a game..... and everyone's happy again..... these rules were laid down last season by the Softball Branch of the D. A. A. A., in an effort to give the play-off teams and the fans the best softball possible..... and it's reasonable, of course, to presume that most of the fans might have forgotten what last year's arrangements were..... but I guess the team captains concerned understood the ruling..... I want to say a word for Al Hanson, of the Pirates..... Al got razzed by the fans because they thought he refused to go on playing Saturday night..... and walked off the field..... but this is a gross injustice..... Umpire Favis stopped the game by taking the ball from Hanson while the latter was on the mound..... explained to him that the game was called for darkness..... after which Hanson, of course, came off the field..... Softball is now popular every year here..... so let's keep making it so..... the man who introduced it and kept it going gets no pay for his work in that connection..... he just likes the game and wants to make it as interesting and sporting as possible..... please don't belittle his good work by senseless charges of partisanship and bias..... I know that his only desire is to have some good fast ball and may the best team win..... The Shadow thanks you..... P. S. Lloyd Clark comes under the Shadow this week..... for that big order he received the day after the fire..... and which didn't materialize..... Look out Lloyd..... or the goblins will get you..... Thus endeth this week's lesson.....

of the day it looked like a sure win for O'Regan's nine, but in the seventh, Fireaters collected a couple of good hits, circled the bases, and Pirates went up in the air to let the youngsters score seven runs and take a one-score lead. The eighth was scoreless. Fireaters looked like positive winners as they drove in three more in the ninth, but in the last half Pirates went to work and collected the four that tied up the game, 12-12, and made the third consecutive "no contest" exhibition of the series.

## WEDNESDAY'S GAME BREAKS JINX

On Wednesday evening Pirates and Fireaters finally managed to get another game of the finals completed, Pirates coming up with a nine run rally to upset what looked like a sure and easy victory for the Firemen.

With several of the regular line missing, O'Regan's nine looked weak and lacked the coordination formerly shown. Fireaters piled up ten runs in the first five frames, leading the Pirates by seven runs. It was in the sixth that Pirates forged into the lead by running in nine scores. Fireaters tied it up with two in the seventh, but Pirates got three more in the eighth while their opponents remained scoreless in the last two stanzas. The Smokesters must grab tonight's fixture to stay in the fight.

Thus Pirates grab the first game 5-3 and are favorites for the championship. The next two games are scheduled for tomorrow and Saturday.

## Junction? vs. Pirates?

Despite the play-off activities, local players found time for an exhibition game last Thursday. Billed as a Pirates-Dalhousie Jct. tilt, the game showed a line-up that was more or less conglomerate. Junction borrowed freely from the ranks of the local Pythians, while O'Regan used freely of available talent. The game was interesting but not particularly flashy. Junction came out on the big end of a 14-12 score.

## TENNIS

On account of the poor condition of the Campbellton courts, a match between the Dalhousie club and the C. N. R. club of C'ton on Saturday was transferred to the local courts. A total of twelve events were played, with C'ton winning seven to the local's five.

## NORTH SHORE TRACK &amp; AQUATIC CHAMPIONSHIPS AT BATHURST

Local track and swimming enthusiasts will be interested to know that a North Shore Track and Aquatic Meet will be held at Bathurst on Labour Day, Sept. 4th.

Every effort is being made to have the meet as representative as possible, with entries from a great many N. B. centers competing. A letter has been received by the Dalhousie A. A. A. inviting local athletes to compete, and there is no doubt that some action will be taken in the matter.

Dalhousie track stars have been gaining some renown during the past few years, and the opportunity to compete in the event, with travelling expenses comparatively light, is too good to miss.

The meet is sanctioned by the A. A. U. of C. and any records made will be recognized by that body.

Further information regarding the meet will be published in later issues of the Crier.

## HOLD CHURCH PARADE

Orangemen from all the surrounding lodges united with the local lodge in their annual church parade on Sunday afternoon.

About one hundred and twenty-five members participated in the event and formed a colourful procession as they left St. Mary's hall and marched to the United Church, where Rev. J. M. Murchison delivered an inspiring sermon. After the service the parade re-formed and marched back to the hall, where a short meeting was held.
